SUMMARY

Experienced PHP Laravel Developer with 1.6 year of professional experience at Webvire Software Solutions. Passionate about developing scalable web applications and writing clean, maintainable code. Seeking a challenging opportunity to contribute my expertise in PHP, Laravel, JavaScript, and MySQL as part of a dynamic and growth-oriented development team.

TECHNICAL SKILLS

Php	MySql	REST APIs
Laravel	Jquery	Git, GitHub
CodeIgniter	Javascript	HTML5, CSS3, Bootstrap

PROFESSIONAL EXPERIENCE

Software Developer, Webvire Software Solutions Feb 2024 - Present

- Developed and maintained web applications using PHP, Laravel, and CodeIgniter frameworks.
- Designed and optimized MySQL database structures for performance and scalability.
- Created responsive UI components using HTML5, CSS3, JavaScript, and AJAX.
- Implemented authentication, role-based access, and data validation in Laravel projects.
- Used Git and GitHub for version control, branch management, and collaborative development.

Internship, Analyze Infotech Jul 2023 - Dec 2023

- Gained hands-on experience in PHP, Laravel, and front-end like HTML, CSS, and JavaScript.
- Assisted in the development of dynamic web pages and CRUD operations using Laravel MVC.
- Learned basics of MySQL for database design, queries, and data manipulation.
- Used Git for version control and GitHub for pushing and managing code.

EDUCATION

BCA, Sacred Heart Degree College, Sitapur Aug 2021 - Jun 2023

- Graduated from Sacred Heart Degree College, Sitapur with 66%, gaining comprehensive knowledge in programming, data structures, web development, and database management, along with practical experience through academic projects and lab work.

Intermediate, C.M.S Inter College Lakhimpur Apr 2019 - Mar 2020

- Completed Higher Secondary education from C.M.S. Inter College, Lakhimpur under the Uttar Pradesh Board with 67%, gaining foundational knowledge in core subjects and developing strong analytical and problem-solving skills.

PROJECTS

ShopNGo

- Built a full-featured e-commerce website using Laravel 11, with product management, user authentication, and secure payment integration.

Sub800 (Smart Workspace CRM)

- Developed a CRM-style platform to list, manage, and showcase office spaces. Helped streamline workspace discovery and lead management for B2B clients.

Online Converter Tool

- Created a web app for converting images to PDFs, compressing files, and optimizing media with a clean UI and multi-format support.

Share Drop

- Developed a file and text-sharing web app for quick cross-device transfer using QR codes and drag-and-drop upload.
